We don't yet have Jared's comments. Hope to get them soon.

Thanks Kathleen. I spoke to her again after you did. Since I am jumping in , in the middle here, can you explain which edits you are not making? Or you can't say all because you don't have Jared's feedback?

I just talked with her. We are making the edits - at least the vast majority of them. We don't yet have comments from Jared - awaiting those.

Kathleen - Cynthia is trying to call you. Second question - are you making our edits? Just trying to get this resolved. Thanks.
